MEMORANDUM FOR: Chief, Intelligence Liaison Support Staff

SUBJECT: Progress on OSI History

1. Preparation of the OSI History is in its final stages. The format is a central text supported by nine annexes. The central text is being reviewed by Don Chamberlain. Thereafter references will be inserted and final typing will begin on the approximately 50 pages of this portion.

2. All nine annexes have been completed or are in an advanced stage of drafting. As time permits, I am preparing them for final typing. By the end of July I expect to have all in usable, if not final, condition.
